Small Group Discussion

A designated facilitator will lead small group discussion on one of six issue areas with the goal of identifying common challenges, work underway, and concrete action items that will advance the field. Participants have been assigned to small group sessions based on their identified preferences and should refer to the small group session roster for their assignment. Draft issue briefs on each of the six topics have been created to aid discussion, and participants will have the opportunity to edit, revise and add content to the drafts.
